STENGENL MINI KITCHEN FEATURES & BENEFITS

We believe that a kitchen has to be able to do everything - regardless of size. If you have only little space at home, in your office or studio or place of work we have the mini kitchen that suits your needs.

Our **mini kitchens** will fulfill your requirements and wishes perfectly. Almost all models are delivered assembled and ready to plug in and cook.

Mini kitchen made from metal and its benefits:

We only use steel and stainless steel from European trade.

Powder coating

In a **Stengel kitchen**, powder-coated parts are constructed with our own state-of-the-art powder coating system. The coating makes the surfaces much more durable than ordinary liquid paint.

Stainless steel

We use stainless and acid-resistant stainless steel 1.4301 (X5CrNi18-10), which is approved for temperatures up to 600° Celsius, in our worktops, fronts and other parts.

Rust resistant

The stainless steel and powder-coated metal used in our products is resistant to water vapour, damp and other climatic influences - leaving no breeding ground for rust.

Easy to clean

Stengel mini kitchens are really easy to clean thanks to their smooth, non-porous surfaces.

Environmentally friendly

100% recyclable steel and no toxic substances mean we are making a vital contribution to both your health and the sustainable use of environmental resources. Eco-certification according to DIN EN 14001 is guaranteed.

Fire resistant

Steel kitchens never go up in flames, steel cannot self-ignite and does not provide any fuel for a fire.

Odourless

Powder-coated metal is odourless - even after thousands of hours of cooking, **Stengel kitchens** still smell fresh once cleaned, as the material does not absorb any foreign odours.

Advantages of metal Stengel mini kitchens compared to wooden kitchens:

- high durability
- no material deterioration compared to wood
- low installation costs
- simple installation
- timeless style
- no problems with damages caused by water
- space saving
- easy to maintain surfaces
- hygienic and anti-bacteria
- non-flammable / fire protection compliant

picture: MP100S in colour sand

COMPARISON OF KITCHEN MODELS

Our mini and compact kitchens have a wide range of applications. The kitchen that would be installed in a portacabin, for example, would be different to one installed in a holiday apartment. That's why we offer three different model series with different price points, features and designs.

MINI KITCHEN ME EASYLINE:

Features:

- Metal cupboard unit in powder coated finish, filled double-walled fronts
- Fridge with 2* -freezer, 48 cm wide
- Widths of 100 and 120 cm
- Deep drawn standard pantry tops with ventilation holes on top, integrated bowl, drainer and hobs – front mounted controls
- Hob: electric hotplates or without hotplates
- Metal cupboard unit without handles with push to open door
- Shelves as accessories
- Standard colour white

MINI KITCHEN MK KITCHENLINE:

Additional special features to ME Easyline:

- Fridge with 4* -freezer
- Widths of 90, 100, 120 und 150 cm
- Hob: electric hotplates, ceramic hob or without hob
- Metal handles in kitchen colour
- Available with microwave and oven (*1)
- Five additional colours (*2) - bordeaux, green apple, sand, mocha and black

MINI KITCHEN MP PREMIUMLINE:

Additional special features to MK Kitchenline:

- Metal covered fridge door
- Widths of 100, 110, 120, 150, 160, 170, 180 cm
- Premium pantry top made of brushed stainless steel with ventilation holes in front, built-in bowl with drainer, tap hole, filter basket and siphon
- Hob: ceramic hob, induction hob or without
- Modern bar handle in stainless steel
- Drawers (*1) with softclose
- Also with microwave with cooking function 20l and 30l, dishwasher, oven (*1)
- Two additional colours – slate grey and stainless steel

(*1) depending on the model (*2) for colored kitchens with metal covered fridge door

MP PREMIUMLINE MINI KITCHEN

FLEXIBLE AND FUNCTIONAL -
THE PERFECT KITCHEN FOR EVERYONES NEEDS

If style and functionality are of special value to you then the **Stengel Premiumline** range of kitchens is the perfect choice.

Our **mini kitchen** is made of powder coated sheet metal and supplied with double-walled doors which are filled with insulation to give strength and a solid feel. Classic design handles and high quality metal pull-out rails complete a perfect picture.

Classical or modern a style to meet everyones taste.

The **Premiumline** models become a fully-equipped kitchen by the option to choose from microwave, microwave oven with cooking function, dishwasher or oven. Available in the widths 100, 110, 120, 150, 160, 170 and 180 cm.

You can find more information about the **mini kitchen** on the following pages.

picture: MPM120A with HOB60 and HSPL120

MP PREMIUMLINE IN COLOUR

Fancy some colour?

Our fashionable colours allow you to create great design highlights or add a fresh splash of colour.

With coloured surfaces on all visible sides, our **mini kitchen** will make for a furnishing highlight in your home also on their own. Metal and stainless steel can create decorative contrasts even in combination with natural materials – such as wood.

Spoilt for choice: Matt or gloss, green, mocha, black or red...

MK KITCHENLINE

MINI KITCHEN

COMPACT AND PERFECT - OUR ENTRY KITCHEN
MADE OF METAL AND FINISHED IN POWDER
COATED STEEL

If you are looking for quality for a small price then a **Stengel Kitchenline** is made for you. Sink, hotplates, fridge, storage space, microwave, dishwasher - all compact and in one **mini kitchen**.

Kitchenline is made of powder coated metal and is equipped with insulated, double-walled doors. **Kitchenline** is available in seven widths 90, 100, 120 and 150 cm.

Please discover the many combinations in the following pages.

picture: MKB150 with ceramic hotplates and HSCL150

MK KITCHENLINE IN COLOUR

Fancy some colour?

Our fashionable colours allow you to create great design highlights or add a fresh splash of colour.

With coloured surfaces on all visible sides, our **mini kitchen** will make for a furnishing highlight in your home also on their own. Metal and stainless steel can create decorative contrasts even in combination with natural materials – such as wood.

Spoilt for choice: Matt or gloss, green, mocha, black or red...

GREEN APPLE

SKM METAL CUPBOARD KITCHEN

STENGEL METALLIC CUPBOARD KITCHENS FASCINATE

Due to its contemporary design, our **Stengel Cupboard Kitchen** harmonically embeds itself into every environment. Even with closed front and perfect look, the cupboard kitchen offers all the benefits of a Stengel Steel Concept metal kitchen plus longevity of life compared to a wooden kitchen.

...open or closed – Metal with a lot of style and charm

Equip your basic model with electrical appliances and accessories that meet your demands. Easy-to-assemble and thus quickly ready for use.

CUPBOARD KITCHEN METAL

SKM 120 - BASIC MODEL

- › Metal cupboard unit in white powder coated finish
- › Double-walled doors and side parts with premium filling, bar handles in matt stainless steel
- › Doors with magnetic closures and safety shut-off for hob
- › Pantry top in stainless steel, including built-in bowl, drain set, 35mm hole for tap, a choice ceramic hob, induction hob or without hob
- › Heat dissipation of the electrical appliances is ensured by a ventilation level provided between the wall and the rear panel
- › Metal lower cupboard with drawer, compartment shelf and storage tray, depending on design and equipment
- › Two shelves, 1x fixed, 1x height-adjustable
- › Height-adjustable feet
- › Only available in colour white
- › Delivered assembled and ready to plug in

HS WALL CUPBOARDS WITH MICROWAVE

GET EVEN MORE INTO THE SMALLEST SPACE

This cupboard with integrated microwave significantly improves the possibilities to complement your **Stengel mini kitchen**.

The shelf on top offers additional storage space.

The clever design ensures an optional ventilation of the 20l microwave oven combination, that's why cupboard and microwave are always supplied as one unit.

The cupboard is finished either in white powder coated steel or in stainless steel, both these finishes match all ranges of **Stengel kitchens**. Available in white and stainless steel, and of course also in heights of 560 and 720mm.

All wall cupboards are delivered assembled.

Extractor hood - Wiggo WE-E513G/WE613G

3 speed levels	touch control
connection tube 120 mm	
lightning 2x 1W LED	acoustic level 63 dBA
weight 6,4 / 6,7 kg	exhaust air max. 300 m ³ / h
EEF-class D	connection: 230 V / 50 Hz - 100W

WE-E513G - width 50 cm - black glass - dim: 495x373x772-877 mm (WxDxH)

WE-E613G - width 60 cm - black glass - dim: 595x373x772-877 mm (WxDxH)

article no. 45007 000000 00

Extractor hood - Amica UH 17052-3-E - 50cm

connection tube 125 mm	3 speed levels 105-173 m ³ / h
lighting LED 4W	acoustic level 52 - 63 dBA
weight 3,9 kg / cable 140cm	connection: 230 V / 50 Hz - 90W
EEF-class C	dimensions: 500 x 505 x 130 mm (WxDxH)

article no. 45013 000000 00

Extractor hood - Amica UH 17010-4-E - 60cm

connection tube 125 mm	3 speed levels 110-178 m ³ / h
lighting LED 4W	acoustic level 53 - max. 63 dBA
weight 4,5 kg / cable 140 cm	connection: 230 V / 50 Hz - 90W
EEF-class C	dimensions: 600 x 505 x 130 mm (WxDxH)

article no. 47003 000000 00

Water heater - Dimplex ACK 5 U

5 Liter Volumen, depressurised	class A
wall mounting	
water temperature 35 - 85°C	connection: 230 V / 50 Hz - 2000W
degree of protection IP24	protection class I splash-proof
weight 3,5 kg	dimensions: 256 x 213 x 390 mm (WxDxH)

article no. 47007 000000 00

Light strip LED - alu / stainless steel with 2 sockets

LED - light strip with switch	housing in aluminum/stainless steel
2 sockets	connection: 230 V / 50 Hz
light colour 4000 K white	644 lumen - 6,5 W
	dimensions: 560 x 71 x 71 mm (WxDxH)

COMPANY

Stengel Steel Concept GmbH

Based in Ellwangen/Baden Württemberg **Stengel Steel Concept** was established in 2016 from **Stengel Küchen GmbH**, which had been founded in 2011. This change was a result of expansions and innovations made possible by the material metal. Being a subsidiary of **Stengel GmbH**, we have all techniques and options offered by metal processing at our disposal while the Stengel Steel Concept GmbH benefits of its own design and production areas.

Stengel GmbH

Stengel GmbH is a medium sized family owned company with more than 40 years of experience in sheet metal production.

With more than 850 employees, approximately 108.000 m² of production and storage area, our own powder coating facility and state of the art machinery, **Stengel GmbH** is able to meet the demands of today's market. As well as a large range of mini kitchens Stengel GmbH manufactures more than 50.000 products, including wet room units for cruise liners and building construction, server cabinets, office furniture, shop displays and many more products for well-known companies throughout Europe.

PROJECTS

Stengel kitchens are already used in many projects throughout Europe.

They have proven their many advantages like high durability, high quality material, low installation costs, low maintenance costs and a timeless style in environments including student accommodation, hotels, holiday and retirement homes.

Our experience for your project.

We advise and work closely with our clients including architects and planning agencies in all aspects from design to completion. Thanks to our wealth of experience in special project work we are able to meet your exacting requirements. Our design team pride themselves on helping our clients meet their specification, budgets and timelines in a professional and helpful way.

Numerous references at home and abroad provide prove of our quality and performance in the project. You can find further information on our homepage.

DELIVERY

FOR OUR MINIKITCHENS

We ensure fast and reliable delivery.

PACKAGING

All **kitchen** models are specially packed to reduce damage and delivered on pallets for easy handling on site.

Electric appliances that are not integrated in the kitchens such as ovens, microwaves or dishwashers, are delivered with the kitchen and securely fastened.
